About Better Off Home Buyers

Since 2018, Better Off Home Buyers has helped over 200 families sell their houses in Portland and across Oregon and Washington. The company is BBB accredited with an A+ rating and has a 4.8 rating on Google from 38 reviews. Scott Dalinger is the owner and founder, Dylan walks each house with the seller, and Alejandra runs the renovations.

Customer service is not the company's industry, it is how the company works. Reviews on its Google profile describe the team as kind, honest and professional.

The company is also part of the community beyond real estate. Scott Dalinger co-started Gobble Gobble Give, where local real estate investors donate full Thanksgiving meals to families in need, with over 200 meals for more than 800 people so far.

Better Off Home Buyers does not offer any prize or incentive in exchange for votes. A nomination or a vote reflects community support, not an audit or an award, and no result is known until February 2027.
