**White Stone Property Solutions LLC** has announced its approval for membership in the residential Warranty Company, LLC (RWC) new home warranty program. RWC is one of the nation's oldest and largest providers of written insured new home warranties, providing homeowners with a solid foundation of security for their home.

RWC does NOT have an open door policy when it comes to our Builder Membership. Not every Builder is able to attain RWC Membership.

- Potential Members are examined regularly for stability, customer satisfaction and technical competence.
- RWC Builder Warranty Members must agree to comply with specific construction standards in order to have their homes warranted by RWC.
- This program helps to assure buyers that their home is being built by a qualified professional.

**White Stone Property Solutions LLC** has met these qualifications and can now provide this new home warranty plan.

**White Stone Property Solutions LLC** feels its buyers should expect the best in value and construction. That is why they have chosen to offer the RWC New Home Warranty providing peace of mind to their home buyers.
